

BUDGET PREP GUIDE

2007-2008

WELCOME TO BP

Introduction:

This guide is an overview of the County's budget preparation system (BP). The system is maintained by ITD under the direction of the Administrative Office with additional support provided by the Auditor's Office.

The guide is designed to supplement a department's training for new employees and as a reference source to employees already familiar with BP.

Review your budget instructions carefully because:

1. Limits for fixed assets and travel reimbursements may be different from prior year
2. Required forms and narratives are modified
3. The Administrative Office revises requirements

Call ITD or the Auditor's office to set up new users or for help with passwords.

Available keystrokes, budget type (Status Quo or Traditional) and the budget year appear at the bottom of the screen.

The following features are available on BP:

1. Position query screen provides departments with salaries and benefits based on employee class (example on page 13).
2. Salary projection reconciliation allows departments to add differences from salary projection (example on page 13).
3. Report listing actual expenditures by line item for the last three budget years: Select Reporting, Form A, History.
4. Department's quarterly reports are available once actual costs are downloaded from SAP. Under Reporting, Select Quarterly Report.

Basic Keystrokes:

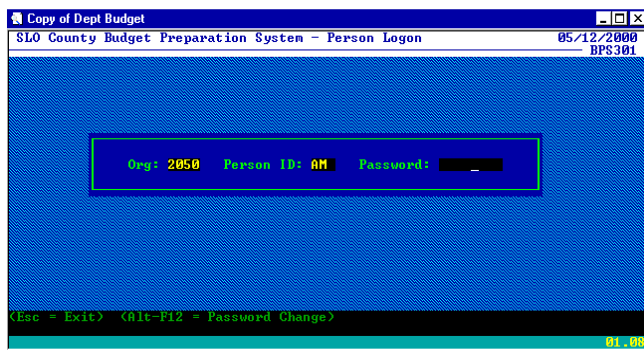

Available keystrokes will appear at the bottom of the screen. The most common are listed below:

Save	F2
Quit (at the Main Menu)	Escape
Back-up one screen (without saving)	Escape
Help	F1
Move between fields	Tab
Back one field	Shift-Tab
Select	Enter
Confirm Action	F10

You must use the escape key to exit BP. BP is not a Windows application and does not respond to Windows commands.

Getting Started

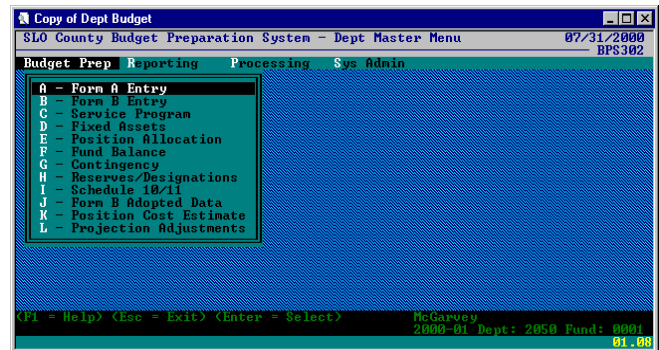

Log-on Screen

The bottom line lists other keystroke options you may select. From the log-on screen: exit the program by pressing the escape key, or change your password by selecting Alt F12.

Check the options along the bottom of the screen for available key selections.

The first screen you see is the log-on screen.

The top line of the log-on screen tells you **where you are**: the County Budget Preparation System, and **which screen you are in**: the log-on screen.

F2 to Adopt Schedules

Save changes (F2) before exiting. F2 must be used at each step to save before exiting. Select F10 to confirm posting.

If you select F10 prior to saving you will lose any changes you have made.

Departments with divisions must adopt Form Bs for each division before divisional budgets can be downloaded into SAP. If a department has budgetary control at the divisional level this step should be completed shortly after the first of the new fiscal year. Otherwise, this step can be done after the final SAP closing.

The method for exporting divisional budgets has changed and now requires assistance from the Auditor's Office. See page 12 for instructions.

Status Quo and Traditional Budgets

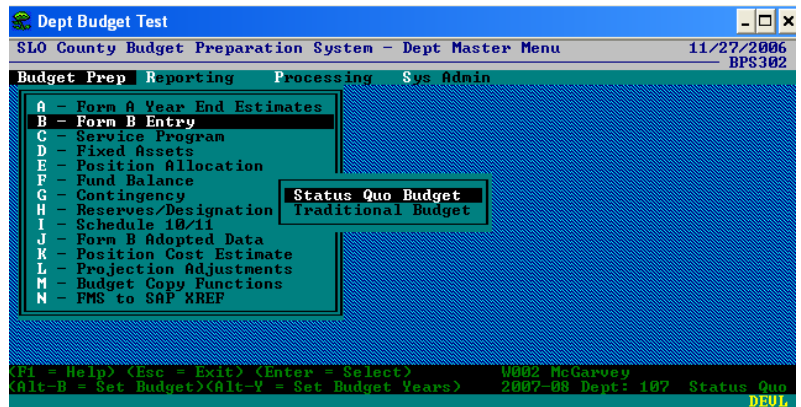

Status Quo Budget

Select Alt-B to access Status Quo budget

Reconciliation Schedule in Salary Projection

The Salary Reconciliation feature is available, not required.

Recapping Steps in Preparing Requested Budgets:

1. If running BP in a Window you must close the program by using escape to avoid locking up. BP is not a Windows application and does not respond to Windows commands.

2. Adopt Form B making sure to select the current fiscal year. It is not longer necessary to use Alt-Y.

3. Prepare Status Quo PAL and generate the salary projection.

4. Complete Form-B

5. Complete form A Year End Estimates

Adopt Form B

6. Complete fixed asset listing if fixed asset request is more than limit (check budget instructions). BP will not allow a fixed asset entry for less than the limit.
7. Enter Fixed Assets amount in Form B for each Budget submitted
8. Print Form A Summary, Form B Detail, PAL, salary projection, fixed asset schedule, and service program reports for Status Quo budget
9. If preparing a Traditional Budget copy Status Quo to Traditional (Traditional Budgets are not required) and repeat process
10. Print required reports for Traditional Budget

Questions??? Call the Auditor's Office @ 781-5045 or ITD help desk @ 781-2800.

As a general rule the Auditor's Office will be available for functional questions and ITD will be available for technical questions. Call your Admin Analyst for budget questions.
